### In-House Industry Leading Design / Engineering Team

#### Internal Quality Assurance Program

*Lift-All* ensures top quality products through our in-house Quality Assurance Program, which includes:

1. Detailed specifications for each product.
2. Testing of raw material prior to product manufacturing.
3. Traceability of all slings through serial numbers.
4. Product testing in conformance with industry standards.
5. Proof testing as required (certificates available).
6. Final inspection of products prior to shipment.

Chain Slings

Rigging Hardware

*Lift-All* is dedicated to manufacturing and developing products that meet or exceed current industry and government requirements, including OSHA and ASME B30.9 for lifting slings. *Lift-All* products conform to the following standards:

Product Type	Standard/Specification
Cargo Securement	U.S. DOT, FMCSA 393.102, WSTDA
Chain Slings	OSHA 1910.184, ASME B30.9, NACM
Hoists	ASME B30.16, B30.21
Roundslings	ASME B30.9, WSTDA
Webbing Slings	OSHA 1910.184, ASME B30.9, WSTDA
Wire Mesh Slings	OSHA 1910.184, ASME B30.9
Wire Rope Slings	OSHA 1910.184, ASME B30.9

## WHY LIFT-ALL?

### Safety-in-Lifting Training

A 22-minute presentation is available in both English and Spanish at [www.lift-all.com](http://www.lift-all.com). The presentation covers all types of slings and suggests the best type of sling for common lifting applications. You will learn safe lifting procedures, proper inspection criteria, maintenance, and more (in accordance with OSHA and ASME B30.9 guidelines).

### Sling Inspection Services

OSHA regulations require that all chain slings receive a thorough inspection at least once per year by a competent person. You now have the opportunity to have a thorough, documented inspection performed by a factory-trained *Lift-All* representative. Chain slings, wire rope slings, web slings, roundslings and wire mesh slings which can be inspected in one survey by a representative from the most recognized manufacturer of lifting and load securement products - *Lift-All* Company.

### The Inspection Procedure

Each sling is individually recorded and reported by location, serial number (if available), size, type, reach and condition.

If desired, we will affix a warning to those slings found to be damaged.

A sling survey report will be submitted to you for your records, showing the above details and including graphs for a quick representation of your inspection.

Let us help you reduce your overall cost of slings and make your lifts safer by identifying recurring problems and offering solutions to keep your slings in service longer.

If you wish to repair or replace any of the damaged slings, we will provide cost estimates to do so.

Sling Inspections not only help to ensure safe lifting equipment but also increase employee awareness of sling safety, creating a safer workplace for all.

To inquire about or arrange for your sling inspection, please call us at 800-909-1964.

### Virtual Meetings and Training Available

We are available via Microsoft Teams, Zoom, Skype and WebEx.

### Joint Sales Call Support & On-Site Lifting Consultation

*Lift-All* District Sales Managers team up with our distributors to work with the end user to provide support and solutions.

### Free *Lift-All* Sling Calculator Phone App

The link is available from our website or download directly from the App Store or Google Play.

### Market Leading Customer Support

- Dedicated Customer Service Agents
- EDI and ACH capabilities
- E-Commerce Portal to serve our distributors

### Customer Marketing Support

- Co-Op provided
- Ability to provide customized tagging and packaging
- E-Commerce/Digital Content Support

### *Lift-All* Saves You Money

Our combination of uncompromising product quality, service and technology make *Lift-All* your best choice in long-term value.
