

## “SAFETY IN LIFTING” SEMINAR

Lift-All Company, Inc., America's leader in sling technology, offers a “Safety in Lifting” seminar to help educate your customers about slings and proper lifting procedures. A Lift-All representative will go with you to your customers location with the Lift-All produced 22 minute video “Safety in Lifting” and discuss sling information that is appropriate to your customers.

### Safety in Lifting Video Topics

1. Sling Categories
2. Planning a safe lift
3. Inspection procedures for slings
4. Repair information
5. Care and operating practices

In addition to the basic information covered in the video, the seminar also provides a chance for your customers to ask questions concerning the use of slings in their job. Are they using the best sling for their application? How could they make their slings last longer?

The seminar offers you the opportunity to improve your customer's knowledge of slings and stimulate their awareness of sling and lifting safety. Call now to arrange for your “Safety in Lifting” seminar.
